Call for Session Presentations

Submissions due by Friday, June 16, 2023

This Conference is the leading International and Domestic Repatriation gathering regarding protecting and repatriating Native cultural heritage. The presenters who graciously share their experiences and expertise are the heart of our Annual Repatriation Conference. The 9th Annual Conference is hosted by the Citizen Potawatomi Nation at the Grand Resort & Hotel in Shawnee, Oklahoma on November 7, 8, & 9, 2023.

About The Conference Theme: Building a New Fire. Things have changed. Repatriation - the return of Native Ancestors and their burial items, as well as the return of tangible and intangible cultural heritage - has changed. If your institution, agency or uncle is holding sensitive Native items without the consent and direction from Native Nations, then you are on the wrong side of history. The Safeguarding Objects of Cultural Patrimony Act has been signed into law, a brand-new version of the Native American Graves Protection and Repatriation Act regulations are in the process of being final, and institutions are being called out for failing to repatriate. *It is time for us to come together and build a new fire that will elevate our collective healing from this theft against humanity and human rights.* We must re-commit to working together and pass forward intergenerational healing, so that we are no longer holding on to the traumas of our past. We all have a place around this new fire. Won't you help us to build it?

The Association welcomes Conference attendees for this 3-day hybrid interactive event that will provide educational opportunities through keynote speakers, training, workshops and interactive panels, and special cultural events. The Conference is intended for Native Nation and Native Hawaiian organization leaders, practitioners, Elders and representatives, museums, institutions, government agencies, academics, attorneys, collectors, artists, cultural preservationists, and others engaged or interested in the return and reinvigoration of diverse Native cultures.

Submit your session presentation today! All speakers will have free registration to the in-person conference. The Conference may not be able to support speakers virtually and virtual

speakers may be required to pay the virtual registration fee. Please use this [LINK](#) to submit your session proposal.

Submissions are due by 5 p.m. ET on Friday, June 16, 2023. Presentations will be reviewed by the Conference Planning Committee and selected based on their relevancy to the theme of the Conference and ability to meet the criteria described below. After your presentation is submitted, you may be contacted for further information or revisions. The Planning Committee may ask that your session be amended to support the Conference agenda and theme. Decisions on panel sessions will be finalized on or before Friday, July 07, and sent via email to the main contact on the submission form.

Once accepted, all presenters must provide the following information by these dates:

- Provide all final titles and descriptions of the session, and names, biographies, and photos, of all panel members by Friday, July 28;
